

# ABRASIVE RECYCLING

— SMARTER, GREENER, AND COST-EFFECTIVE SOLUTIONS

GMA Industries offers an innovative approach to abrasive recycling, helping businesses reduce waste, cut costs, and lessen their environmental footprint—all without compromising performance.

## THE BENEFITS OF **ABRASIVE RECYCLING**

**ENVIRONMENTAL  
IMPACT**

**COST  
SAVINGS**

**EFFICIENCY**

### RECYCLED MEDIA:

- Brown Fused Aluminum Oxide
- Steel Shot & Grit

## ABRASIVE RECYCLING PROGRAM

GMA Industries recycles thousands of tons of brown fused aluminum oxide (BFA) and steel abrasives annually, delivering high-quality materials to manufacturers nationwide.

**FULL SERVICE:** We handle pickup, freight, and recycling of your used abrasives.

**QUALITY ASSURANCE:** Recycled products meet stringent standards, turning costs into value.

**NEW SUPPLIERS WELCOME:** Join us to transform waste into value.

**Note:** We do not accept Dust.

**Note:** We do not accept hazardous materials. A TCLP report or Non-Hazardous Material Statement is required before shipment.

## HOW TO SUBMIT YOUR **MATERIALS FOR RECYCLING**

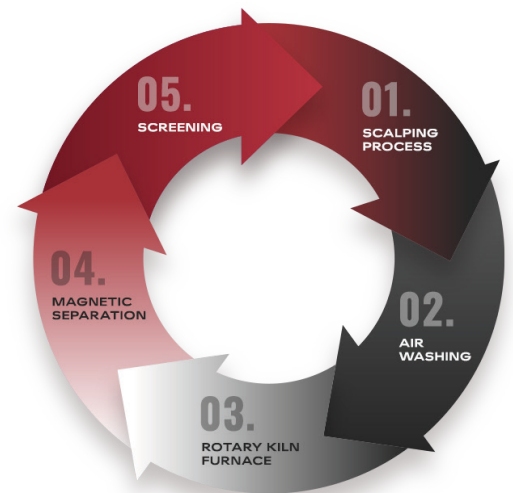

**COLLECT:** Gather 1 pound of your spent aluminum oxide or steel abrasive.

**LABEL:** Include your company name, contact info, product type, size, quantity, and work area.

**SEND TO:** GMA Industries, Inc., **ATTENTION:** Lab Sample

38127 Ecorse Road, Romulus, MI 48174-1349

Once verified as non-hazardous, we'll send you packaging instructions and transport details.
